

September 17, 2018

To whom it may concern:

Ahmed Saad has been a General Counselor at Camp Wakonda for the past two summers, from June 17, 2017, through August 21, 2018.

Camp Wakonda is one of the HFH Summer Camps, which provide a quintessential American wilderness camping experience to children experiencing homelessness in the New York Metropolitan area. This is a unique program that requires counselors who can handle challenges through a diverse skill set, teamwork, and compassion.

During his employment with us, Ahmed has been very caring towards our campers, devoted to their health and safety, and ensuring that everyone has a fun-filled summer. As his confidence has grown over the past two summers, he has become much more comfortable sharing his creative ideas for new activities for the campers. He has demonstrated great work ethic and dedication to the mission of HFH summer camps.

If you need more information, please do not hesitate to reach out to me by email at AGiller@HFHNYC.org or by phone at (212) 529-5252 x1026.

Cordially,

Alyson Giller
Director of Human Resources
